

#### **4) All Along the Way**

Sometimes at night as I watch you  
sleeping  
I wonder if I'm really keeping  
All the words that I've been speaking  
Do I live the things I say?

Although I know I make mistakes  
I promise I'll do what it takes  
To walk beside you  
All along the way

I confess I don't always know  
What's always best to help you grow  
But with a heart full of love in control  
It's going to be okay.

We'll share the laughter, shed some  
tears  
I promise through the passing years  
I'll walk beside you  
All along the way

And as you dream I feel a sweet  
release  
As if every missing puzzle piece  
Will someday find its place with ease  
All part of the whole

And as the light falls on your perfect  
face  
I feel covered over with love and grace  
Cozy in that forever place  
You traced on my soul

I kiss your cheek and as I'm turning  
I realize it's me that's learning  
As my love for you inside is burning  
Every doubt and fear away

Till it's clear, it's been you that's  
teaching  
My promise is I'll keep reaching  
To walk beside you  
All along the way
