

5) Imagine a World

Imagine a world where my mother is humming

The sweet sounds of peace for each child in the world

Imagine a world where my father is drumming

The sweet sounds of dreaming for each child in the world

Imagine, Imagine

A world like this could happen

It's happening now

When I think of you

Imagining me, Imagining you

Imagining our dream come true

Imagine a world where each story is spoken

The sweet sounds of love for everyone in our world

Imagine a world where each child is laughing

The sweet sounds of hope for each one in our world

Inside of me is a song I can sing

Inside of me is a dream I can dream

Inside of me is any story to share

Inside of me is a world of love and care

Imagine a world where my mother is humming

The sweet sounds of peace for each child in the world

Imagine a world where my father is drumming

The sweet sounds of dreaming for each child in our world
