

## 1) Laugh, Giggle and Smile

Laugh, giggle and smile  
Flowers, birds and butterfly wings  
Stay and play for a while  
I love the way you dance and sing

Little stars twinkling through the  
night  
The sun in the morning so big and  
bright  
Love your sparkle, love your style  
When you laugh, giggle and smile.

Laugh, giggle and smile  
Hugs and snuggles and holding hands  
Time to sleep for a while  
Schemes and dreams and rainbow  
plans

At night when I tuck you in your cozy  
bed  
In the morning when you lift your  
pretty little head  
Love your sparkle, love your style  
When you laugh, giggle and smile.

As you sleep sweetly through the  
night  
Every dream is beautiful, big and  
bright  
Love your sweetness, love your style  
When you laugh, giggle and smile.

Laugh, giggle and smile
