

## **2) Me and You**

Me and you, us two  
Doing the things we love to do

There's lots of fun  
When one plus one equals two  
Me and you

Some things are better  
When you put them together  
Even though they're good alone

Like the beach and the sun  
A hot dog and a bun  
Ice cream and a cone

The very same thing is true  
With us two  
Me and you
