

## **6) Room to Grow**

Show me when to hold on  
And when to let go  
How to build something new  
And still honor the old

Teach me to be careful  
Yet teach me to be bold  
Give me room to grow

Give me space to breath  
Space to play  
Faith to believe in all that you say

Give me the courage  
To make my own way  
Give me room to grow

Room to grow, room to grow  
Time to show how far I can go  
We all play a part, so from the heart  
I thank you for room to grow

So give me love and protection  
In all that you do  
But don't try to make me  
Just like you

For I've got my own special dreams to  
make true  
Give me room to grow

Room to grow, room to grow  
Time to show how far I can go  
We all play a part, so from the heart  
I thank you for room to grow
